Professional Summary

Fourth year student computer science - software & application development department, Cybersecurity enthusiast with hands-on experience in **penetration testing**, **network security**, and **ethical hacking**. Founder and leader of **Google Developer Group** at BNU, with certifications in **CCNA** and **HCIA**. Skilled in **Python**, **Linux**, and cybersecurity tools, passionate about securing digital infrastructures and solving complex challenges.

Education

Benha National University

Faculty of Computer Science, Software and application development department, CGPA: 3.4

Obour, Egypt

2022 – 2026

Experience

Cybersecurity Intern

Puresoft Company

- Completed a 3-month internship focused on cybersecurity operations and network protection.
- Gained experience with vulnerability assessment and penetration testing tools.
- Supported internal projects related to network monitoring and security hardening.

2025

Network Security Intern

Maspero (Egyptian Radio and Television Building)

- Completed practical training in cybersecurity specializing in network protection.
- Assisted the IT security department in securing internal communication systems.

2025

Digital Egypt Pioneers Initiative (DEPI)

Penetration Testing Track

- Accepted into a 6-month government-funded training program focused on Penetration Testing.
- Worked on ethical hacking, vulnerability assessment, and real-world security case studies.

2025

Cybersecurity Enthusiast

Self-Learning and Certifications

- Completed **CCNA (Cisco)** and **HCIA (Huawei)** certifications.
- Skilled in Linux administration, Python scripting, and database security.

Problem Solving

Competitive Programmer

- Participated in ECPC for two consecutive years, enhancing teamwork and algorithmic problem-solving.
- Mentor in ICPC BNU Community, guiding peers in algorithm design.
- Judging Team Member at CodeOver and Code Championship Competitions, evaluating code efficiency and accuracy.

2023

Volunteering

Founder and Leader of **Google Developer Group on Campus, BNU Chapter**, organizing workshops, hackathons, and events across multiple technology domains.

Volunteer at Bahya Hospital, contributing to community service initiatives.

Skills

Programming: Python, C++, SQL, HTML/CSS, JavaScript

Cybersecurity Tools: Wireshark, Kali Linux, Nmap, Burp Suite

Other Tools: Git, WordPress, Google Cloud Platform

Soft Skills: Leadership, Communication, Problem Solving, Teamwork
